Intern — Frontend Developer

October 2023 – January 2024

Up-Tree Developers

Faisalabad, Pakistan

- Assisted senior developers in frontend design and development tasks.
- Built responsive and interactive web pages using **HTML, CSS, and JavaScript**.
- Learned and applied modern frontend frameworks including **Bootstrap and React.js**.

Full-Stack Developer

MAY 2025 - Present

ESCASA

Faisalabad, Pakistan

- Built responsive platforms using **Laravel** and **React.js** for multiple clients.
- Developed custom tools in **Laravel**.
- Performed **API integration and testing**, ensuring reliable data flow and smooth application functionality.

KEY PROJECTS

Task Management System

Full-stack web application built with Laravel and React to organize and track tasks efficiently. Features include user authentication, task creation and assignment, progress tracking, and deadline reminders. Designed responsive UI for better usability and implemented role-based access control for team collaboration.

Fileforge

Full-stack web platform built with Laravel and React offering a variety of tools for PDF, Image, and Video processing. Features include file conversion, compression, and editing with drag-and-drop support and a responsive, user-friendly interface.

CERTIFICATIONS & ACHIEVEMENTS

- Participation in Mern Stack Training-session with achieving all the objectives.

January 2023
